

Site name: Kitsap Rifle and Revolver Club (KRRC), Bremerton, Kitsap County, WA
EPA Site ID#: WAN001002908

Record of Communication

Date of phone call: February 19, 2021

Phone call participants:

Monica Tonel, EPA Region 10

Grant Holdcroft, Kitsap Public Health District (KPHD)

Purpose of call: EPA contacted KPHD to inquire about the 2012 surface water sampling conducted by KPHD offsite from the KRRC property toward the Chico Creek area, the sampling locations, and the analytical results.

- KPHD described access to most of the sampling locations as being via public right-of-way.
- EPA and KPHD discussed the 2012 surface water sampling results and whether the collection of sediment samples toward Chico Creek would provide useful technical information. KPHD expressed its support for sediment sampling toward the Chico Creek area.

Action items:

- EPA will maintain communication with KPHD regarding its evaluation of existing information.
- KPHD indicated that if EPA were to request the review of technical documents, it would make resources available to conduct such review.
